MORE THAN HALF OF MINES STILL IDLE

District President of United Mine Workers Believes Many Will Resume Work Tomorrow.

"POCKET" STILL AFFECTED

Statement From Indianapolis Headquarters Says Most of Miners Who Were Idle Return.

(By United Press.)

Evansville, Ind., Aug. 2.—With the unauthorized strike of coal miners spreading into Kentucky, the mines in the "pocket district" of Indiana did not reopen today, according to the Indiana coal trade bureau here today.

Terre Haute, Ind., Aug. 2.—More than half the mines in the Indiana coal fields continued idle today, but they probably will re-open tomorrow with the cessation of the unauthorized strike. Ed Stewart, district president of the United Mine Workers, said today.

Many of the mines resumed work today, according to reports at union headquarters.

Officers of the Indiana bituminous coal operators association here expressed the opinion that nearly all of the mines will be in operation again tomorrow.

Some of the local unions failed to receive the mandatory order of John L. Lewis, international president, directing them to return to work by today.

"I believe that they will heed the order of their officials," Stewart said.

Indianapolis, Ind., Aug. 2.—Coal miners who have been tying up the Illinois and Indiana fields by unauthorized strikes are returning to work today in compliance with the order of John L. Lewis, international union president, according to word at headquarters of the United Mine Workers here.

"If the people do not get coal now it will not be the fault of the miners," an announcement from the union headquarters said.

The statement said that most of the miners who were idle last week are at work today.

"Numerous dispatches had been received at the headquarters of the United Mine Workers of America from local unions in Illinois and Indiana and all say the same thing—most of the miners returned to work in compliance with the order issued by John L. Lewis, president of the announcement said.

It is safe to say that a majority of the miners who were idle last week are at work today and others will be at work within the next day or two.

"They will produce all the coal the country needs but it will be the duty of the railroads to haul it to the consumer. Of course, the miners could not do that. If the people do not get coal it will not be the fault of the miners."

22 KILLED DURING JULY

London, August 2.—Twenty-two persons were killed and fifty-seven were wounded in Ireland during the month of July, Premier Lloyd George declared today in the house of commons. The killed were 15 policemen, 4 soldiers and 3 civilians. Wounded were 30 policemen, 22 soldiers and five civilians.

SUSPENDS JURY TRIAL

London, Aug. 2.—The cabinet today approved the Irish bill practically as presented. It is expected to be introduced in parliament today. The measure it is understood suspends trials by jury and provides that offenses shall be tried by the court martial in Dublin.

GERMANS TO GUARD BORDER

Paris, Aug. 2.—Germany has issued an order for troops to be sent to the Eastern Prussian frontier if necessary to guard against the Poles and Bolsheviks who may carry their warfare across it, the allies were informed today.

TWO MEN ASSIGNED HERE

Capt. Marks and Lieut. Lawton Sent by Salvation Army

Captain Marks and Lieutenant Lawton have been assigned to take charge of the work of the Salvation Army here, succeeding Captain J. A. Tench, who will leave August 11 for East Chicago. Capt. Marks and his assistant have been in charge at Michigan City, Ind., and have had wonderful success there. They are both accomplished musicians and will be welcome by local Salvation Army workers, although great regret is expressed that Capt. and Mrs. Tench are leaving.

Capt. Tench will open the work in East Chicago as the Salvation Army was never represented there.

DEBT ON ARLINGTON PARSONAGE RAISED

Fourteen Hundred Dollars Are Raised at Dedication Service at Arlington Sunday

KEYS ARE GIVEN TO PASTOR

The balance of the debt on the new parsonage of the Arlington Christian church was lifted at the dedication ceremonies Sunday when \$1,400 was quickly subscribed. The principal addresses at the three services held during the day were made by the Rev. C. W. Cauble of Indianapolis, secretary of the Indiana Christian Missionary society, and a number of pastors from this county participated. Great enthusiasm was created in the raising of the money.

Between 400 and 500 people attended the special day, a basket dinner at noon being a feature. At the night meeting the building committee presented the keys to the parsonage to the trustees, who turned them over to the pastor, the Rev. G. H. Lawton. Elmer Hutchinson, chairman of the board, made a short response to the dedicatory address by the Rev. Mr. Cauble. The membership committee and trustees today expressed their thanks for the co-operation of the Methodist church for dismissing their services last night and taking part in the meeting. Appreciation was also expressed for the co-operation of other churches of the Christian denomination in the county. The churches at Clarksburg, Hannigan, Gwynneville and Glenwood gave liberally to the parsonage fund. The Rev. Mr. Crawley of Metamora, former Arlington pastor, and the Rev. M. Lewis, pastor of the Hannigan and Clarksburg churches, spoke briefly at the afternoon services.

LODGEMAN IS WELL KNOWN

Calvin W. Prather, Who Died, Had Visited Rushville Masons

Calvin W. Prather, age seventy-five years who was well known to Rush county Masons by reason of having served nineteen years as secretary of the Indiana grand lodge died at the home of his daughter in Indianapolis at 8:30 o'clock last night.

Great regret was expressed today by many men prominent locally in Masonry, at the loss to the lodge by Mr. Prather's death, as he was regarded as a very capable official. He had visited the Rushville lodge on several occasions, as well as other lodges in the county.

ELECTED COMPANY NURSE

Mrs. O. P. Wamsley of this city was chosen as company nurse of Ivy Company No. 35, U. R. K. of P., of the third regiment at the annual national encampment of the Uniform Rank lodge held in Cleveland, Ohio, last week.

LICENSED TO WED.

The following marriage license was issued Saturday afternoon: Lester David Craven, a farmer of Moore's Hill, and Hazel Leora Furnish, daughter of Mr. and Mrs. Leonard Furnish of this city.

35 ARRESTS MADE IN MONTH OF JULY

Unusual Number in Rushville Accounted For By Circuit Court Being in Vacation.

OTHER JULY STATISTICS

Five Fires Reported During Month, 11 Births, 4 Deaths and 4 Cases of Contagion.

With the passing of July, some interesting statistics concerning the city and the business conducted here during the month is available, the information being supplied by the various records of the different departments of the city and county.

During July there was a total of 35 arrests, of which two were dismissed, two given an appeal to the circuit court and the remaining 31 defendants were given fines and jail sentences.

The 35 arrests were made as follows: 15 in police court and 20 in Squire Stech's court. Those arrested and arraigned before Mayor Irvin were all men, and before the squire, one woman paid a fine, being charged with provoke.

The number of arrests is unusually large for a city this size, but during the summer months when the circuit court is in vacation, much of this business is given over to the lower courts. The number in police court was larger during the month than is usually the case, but in Squire Stech's court the cases have been outnumbering the police court for several months.

There were five fires reported for the month of July, with a total loss of not over \$115. The fire department answered five alarms, one of which was false. One other fire reported was extinguished without the aid of the department, it being extinguished with chemicals provided within the building.

There were only four cases of contagious diseases reported during the month, three of them being diphtheria and one scarlet fever. During the month previous only one case of contagion was reported.

The stork ran way ahead of the grim reaper in Rushville during July, as there were 11 births and 4 deaths within the city limits.

Loren Martin, county clerk, issued a total of 17 marriage licenses during the month, which is an average month for the summer.

The county clerk also received 13 civil suits which were filed with him during July, and this morning August got a good start, when nine new cases were filed, which will go on record for this month.

POSTAL MEN MUST NOT TAKE PART IN POLITICS

Rushville Employees Are Warned to "Refrain From Engaging in The Political Campaigns"

AN ORDER FROM BURLESON

All postmasters and postal employees are warned to "refrain carefully from engaging in pernicious political campaign" in an order issued today by Postmaster General Burleson.

Quoting rulings by the civil service commission, the order gave notice that presidential appointees in the postal service are forbidden, to solicit or receive contributions, must not use their office to "control political movements or cause public scandal.

Employees under civil service, the notice, also said, "are accountable for activity by persons other than themselves, including wives and husbands, if they are in fact accomplishing through the relationship purposes which they are forbidden directly to seek."

The order also included the fact that no postal employee should display his choice for president, by exhibiting a photograph in his window at home, nor are they permitted to wear candidate buttons, which might show their political affiliations.

NINE SUITS FILED IN CIRCUIT COURT

Elmer May Sues Kate May For Divorce, Alleging That His Wife Abandoned Him.

SEVERAL ACCOUNT CASES

Ora Wall is Made Defendant in Three Suits For Combined Judgment of \$1,400.

Nine law suits were filed this morning in circuit court, most of them being suits on accounts or notes, C. W. Duncan representing eight of the plaintiffs and Samuel L. Trabue, the other plaintiff.

Elmer May filed suit for divorce from Kate May, alleging that she left him, taking with her their two children. The complaint asks for a divorce and custody of the two children, and states that they were married July 17, 1909, and separated May 24, of this year, when he alleges that his wife abandoned him.

The Indiana Refining Company, a corporation, has brought suit on account, demanding \$75, naming Jesse Crim as defendant. The National Live Stock Remedy Company has sued Ora Wall on an account, demanding judgment in the sum of \$30.

Walter E. Smith has filed a suit to foreclose a chattel mortgage, demanding of Earl McDaniel, defendant, the sum of \$75.

Another suit on a note in which \$150 is demanded, was filed by C. L. Wilson, Elbert Florence and W. O. Platt against J. W. Allison, defendant.

Anderson Groce brought suit on a complaint of breach of contract against William C. Geise, demanding judgment in the sum of \$150. Bert Sharer and Charles D. Moore, owners of a hardware store in Carthage, filed suit against Louis H. Kuhl, demanding \$60 judgment on a complaint to collect on a note, which is alleged to be past due.

Robert L. Tompkins also filed suit against Ora Wall, demanding \$100 judgment on a suit to collect on a note. All of the above suits were filed by C. W. Duncan, and S. L. Trabue, representing the First National Bank of Lewisville, Ind., filed suit this morning against Ora Wall, Blanche Hitt and John A. Widau, on a complaint demanding \$900 judgment, alleging that a certain note is unpaid and is past due.

TWO AUTOS AND BUGGY FIGURE IN ACCIDENT

All Three Come Together at Corner of Main and Ninth Streets Saturday Night

NO ONE IS SERIOUSLY HURT

Two automobiles and a horse and buggy figured in an accident Saturday night at 8:15, at the corner of Eighth and Main streets, and luckily the occupants of the vehicles escaped with only slight injuries, and the automobiles and buggy were not damaged seriously.

Harry Clifford, driving his machine east in Eighth street, was without lights because of weak batteries, and a machine driven by another person, whose name was not learned, was going north in Main street, and blinded the driver of the other machine and Herbert Knight, who was driving his horse and buggy north in Main street all three coming together at the corner.

The two machines received bent fenders, and the buggy was slightly damaged. In the buggy were Mr. and Mrs. Knight and two small children, the latter being bruised and shocked. They were taken to a residence nearby. It is said that the accident was unavoidable, as Mr. Clifford's lights had gone out just a few minutes before he reached the street intersection, and he was driving slowly in order to avoid striking anyone.

COLLIDE AT STREET CORNER

Automobile and Motorcycle Damaged But No One is Hurt

A motorcycle driven by Holly Nelson of Muncie, Ind., collided with an automobile driven by a man name Cloud, at the intersection of Main and Fifth streets, Saturday afternoon about five o'clock and the motorcycle was badly damaged, with a broken front axle and bent wheel, and the automobile had a running board torn off, and a fender twisted. The motorcyclist and his wife, who was riding in a side ear attachment, were enroute to Ripley county to pick blackberries and were accompanied by another machine. The two machines ran together when the drivers became confused at the street intersection. The occupants were unhurt, and the motorcycle was repaired Saturday night, so that the berrypickers could proceed on their trip.

COUNTY WILL STORE 2 CAR LOADS OF WOOL

County Committee Compiles Statistics, Showing 18,000 Pounds Will be Shipped

3 TOWNSHIPS YET TO MEET

A total of over 18,000 pounds of wool will be shipped to the warehouse in Chicago, it was learned Saturday night, following the meeting of nine township committees which had previously been appointed for the purpose of finding out the quantity of the county's wool clip that will be pooled. The remaining three townships will hold meetings soon, and it is expected that there will be two full car loads from this county in the pool.

Each of the nine townships had previously held meetings in which to ascertain the wool growers views, and in all of these places, it was unanimously voted that the clip should be sent to the warehouse, and held until the market justifies a sale.

Noble township will meet tonight, Orange Tuesday and Ripley on Wednesday night, at which time these township farmers will take a vote on the advisability of entering the pool. Chairman Benner of the county wool growers committee announced today that the listing will be held over until Wednesday, and all wool growers who have not had an opportunity of learning about the future plans, should communicate with County Agent D. D. Ball or Mr. Benner, at Mays.

The committee is ordering wool sacks for those who need them, and it is necessary that those who desire sacks, make their wants known by Wednesday.

TEACHERS ARE ANNOUNCED

John Geraghty to be Principal of Webb School

John Geraghty, who last week completed the summer course at Indiana university, has accepted the principalship of the Rushville township consolidated school in the Webb neighborhood southwest of Rushville it became known today. Mr. Geraghty was principal of the Orange township school at Moscow last year.

The upper grades will be organized on a junior-senior high school basis, and the Misses Pearl Elliott, May Laughlin and Henrietta Talbert will be teachers in this department. Miss Margaret Mahin will be in charge of grades one and two, Miss Mary Houchins three and four and Miss Sylvia Mullins five and six.

OPERATION OF NEW LAW IS EXPLAINED

County Auditor Receives Letter Today From State Tax Board Regarding Tax Measure

TO SEND EQUALIZATION ORDER

Indiana Commissioners Say Abstract Will be Unnecessary if No Changes are Made

Will H. McMillin county auditor, today received a letter from the state board of tax commissioners, calling attention to the Tuthill-Kipper tax bill, which was passed by the special session of the legislature, and enclosing a copy of the bill.

The letter points out that the state tax commissioners, under one section of the law, is to pass upon the orders of equalization of August 23, 1919 and certify their conclusions to the Rush county auditor, which will be done in the next day or two so that there will be no delay in the matter of getting at this work.

The state board also calls attention to the Rush county auditor, provides for the county board of review to meet and pass upon all orders of equalization for the year 1919. This session is limited to ten days, but if the work required of the board can be done in less time, the state board advises that the county board not be kept in session the full ten days because there will be no occasion for prolonging the session.

It is also pointed out that the new law provides for the two members, in addition to the ex-officio members, shall be appointed by the judge of the circuit court, which has always been the law. The county board of review for years has been composed of the county treasurer, auditor and assessor, and two members, one from each of the two political parties casting the greatest number of votes at the last preceding election. Judge Will M. Sparks is away on vacation now and will not return until the latter part of the week.

The state tax commissioners refer to the provisions of the law which permit the county board to sanction the horizontal increases put on in 1919, or to make any changes deemed necessary, and calls attention to the fact that if changes are made, a new abstract of taxables will have to be made and certified to the state board, which would require much extra work.

"In passing on the orders certified to you", says the state board letter, "they can be adopted by you (the county board of review) as passed by this board, or you can make any changes which your board desires. If changes are made it will be necessary to certify the total amount of property of your county as now required by the abstract, to show the acts of your board. Otherwise, if the orders of equalization made by this board are adopted, the abstract will not be required as in that event you will not be required to certify the figures, as they remain unchanged in the abstract you sent to the auditor of the state last December.

"We would suggest to you the advisability of getting this work done as quickly as possible so that the matter of the 1919 valuations may be corrected promptly and your tax duplicates, both for that year and this, be put upon the correct basis."

W. W. FRANKLIN RELEASED

William W. Franklin, who was arrested in Illinois about a week ago and brought to this city to answer to three charges preferred by his wife, gave bond yesterday afternoon and was released from jail. The three charges of wife desertion, child desertion and marrying to escape bastardy proceedings, are pending against him in circuit court, and he will be given a hearing early in the September term. His bond was fixed at \$200 in each case, which was provided.

G. H. HAVENS RECOVERS

George H. Havens of North Main street, who was taken suddenly ill last night at his home, was reported today as recovering.

**Originates Idea to Lessen Fatal
Accidents at Railroad Crossings**

**H. C. Foster of Connersville Offers
Suggestion of Building Detour
From Main Highways by Blocking
Road Where it is Dangerous—
Cost Would be Small.**

Connersville, Ind., Aug. 2.—Harry C. Foster, mechanical engineer for the Indiana Lamp company, is the originator of an idea designed to lessen the number of fatal accidents that are happening daily throughout the country. Frank B. Ansted, president of the Lexington Motor Company, has caused blue prints to be made of a drawing illustrating the idea and has sent them to many metropolitan papers of the country, as well as to motor trade papers and magazines. It is also hinted that the device, as designed will be called to the attention of the State Legislature and other state authorities, including the state Roads Commission with an eventual view to the enactment of a law, compelling the adoption and use of the device on all surface railway crossings of the state.

The idea seems simplicity itself and is thus elucidated by one fully familiar with it. Whenever a dirt or paved road crosses a steam or interurban railway, there shall be erected, of reinforced cement or

heavy timber, a wall three feet high across the roadway. On this barrier a sign shall be painted on a background of white the word "Danger!" to be painted thereon in large, plain red letters. If the road be electrified the usual electric red lights may be used at night.

After this "fence" or barrier is in place, a semi-circular road can be built around it until the regular roadway is reached beyond on either side of the railroad track. This simple idea will not be prohibitive as to cost will not be hard to build and will require no special plans of experienced men to construct and each crossing may present a different idea as to general construction. This fence can be easily seen from a distance, and cannot miss the eye of the motorist, for it is always directly in view as he looks through the windshield ahead. At night the rays of light from his headlamps will strike this sign and the driver will instantly know there is danger ahead.

The matter of patenting this device has been taken up but there is some doubt as to the idea being patentable. Nevertheless the idea will be presented to all the motor magazines and motor clubs and it is thought that in the course of time it will be used the country over.

Former Governor Killed In Auto at Rail Crossing

J. FRANK HANLY.
(By United Press.)

Indianapolis, Ind., Aug. 2.—J. Frank Hanly, former governor of Indiana and twice candidate for president on the prohibition ticket, will be buried at Williamsport, Indiana, following funeral services here at 10 o'clock Wednesday morning.

The body of the former dry leader, who was killed Sunday in an automobile accident at Dennison, Ohio, arrived here today. The car in which he was riding was struck by a freight train and Dr. and Mrs. C. M. Baker of Kilgore, Ohio, were also killed.

The Rev. Hiram W. Kellogg, of Mansfield, Ohio, will deliver the sermon. The Rev. Mr. Kellogg was a former pastor of the Central Avenue Methodist church where Hanly attended when he was governor.

FOURTH RED CROSS ROLL CALL ANNOUNCED

Announcing the Fourth Red Cross Roll Call, to be held between November 11 and November 25, 1920, Dr. Livingston Farrand, chairman of the Central Committee, made known the fact that as a result of last year's Roll Call, the American Red Cross has ten million members.

The Red Cross has decided to make each anniversary of the ending of the world war the occasion for renewing allegiance to the "Greatest Mother" by means of the dollar membership. Thus the Fourth Roll Call will have for its purpose the maintenance of as nearly universal membership as possible and the support of peace time activities.

These activities are continuation of measures in behalf of America's veterans of the World War, particularly the disabled; service to the peace time Army and Navy, development of a stouter resistance to disease through health centers, increasing of the country's nursing resources, continued preparedness for disaster relief, Home Service and community work and completion of relief work among the war-exhausted and disease-ridden peoples overseas.

What could be of more interest to Rushville kidney sufferers than the statement of a Rushville resident who has suffered and has been cured?

Doan's Kidney Pills are publicly endorsed by many Rushville people. Read what Mr. S. Bebout, 316 W. First St., says: "I had pains through my back and kidneys. The action of my kidneys was irregular too. I used Doan's Kidney Pills and they soon made me better."

OVER THREE YEARS LATER, Mr. Bebout said: "Doan's Kidney Pills have given me a cure that has remained permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bebout had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.—(Adv.)

"That Man Belongs to Me!"

The voice was their captain's—strange—terrible; and in a flash the mob of maddened seamen remembered.

"His wife!" they whispered. "At last he has found the the fiend that"—and, hushed as if in awe, they stole away.

Then Captain Otto Krug, once called "coward," even "traitor," had his hour—there behind the door.

Come! A story of love and the sea, that will 'get' you every second.

We Need the Money

We hear much of our obligation to Europe arising out of the world war—in fact that is the basis of the argument for the league of nations.

There are just two ways in which the United States can fulfill its obligations, if any exists—one by sending soldiers and munitions of war, the other by sending more money.

The allies owe the United States nearly ten billion dollars. The interest has been funded, that is the payment has been extended.

Further loans to Europe are impossible. What to do with the existing loans is a serious problem.

A special writer in the New York World has interviewed many leading bankers on this matter. All agree something should be done to avoid the serious consequences of a possible world war.

The only world war in sight is a commercial war. It has been in progress ever since the armistice. Great Britain is engaged in a bitter fight with the great commercial powers for supremacy of the trade of the world. Great Britain is well equipped financially.

The large debt due from the allies to the United States stands in the way of American preparedness for

Had Rheumatism So Bad He Could
Not Stand on His Feet
Several Months

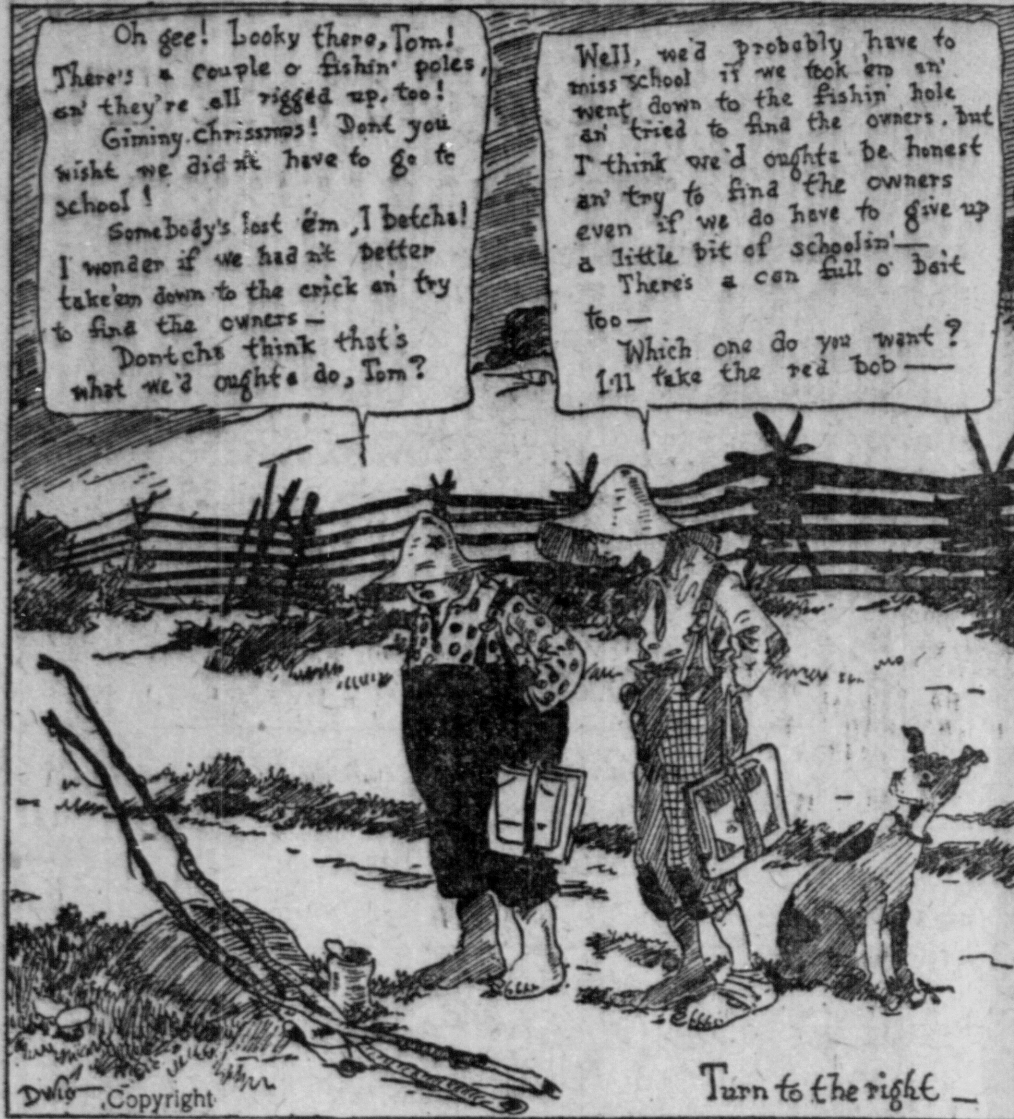

Yes, sir, I can testify to Tanlac being good for stomach trouble and rheumatism," said William C. Huff, 312 Garden street, Toledo, Ohio, a well known employee of the Willys Overland Automobile Company, for the medicine set me right more than two years ago and I am still feeling fine.

My trouble started about ten years ago with loss of appetite. Soon after this I commenced to suffer from indigestion and sour stomach and it wasn't long until inflammatory rheumatism got into my feet and legs. For months I was unable to stand on my feet and was in intense pain most of the time. My feet and legs would swell up to twice their normal size and if a red hot iron had been run into my flesh I don't think it could have hurt worse. Now and then I felt a little better, but the trouble would soon come back worse than ever, and something more than two years ago I got in such a bad fix that I was advised to try Hot Springs.

"After taking the treatment there six months I seemed to be considerably improved, but a few months later the old trouble started up again and it was at this time that a friend of mine suggested Tanlac. The first two bottles brought about such good results, giving me a fine appetite and making me feel so much better, that I bought more and just kept taking it and improving. Well, after finishing my ninth bottle I felt perfectly sound and well and had the surprise of my life—when I got on the scales and found I had actually picked up forty pounds in weight, and the best of it is I have held my wonderful increase in weight and strength and have felt fine to this day. I have the best reasons in the world for praising Tanlac and I don't hesitate to recommend it, for it set me right when everything else failed. I am enjoying better health than I have in fifteen years and can hold my own with the best of them. Tanlac built me up until I neither look nor feel like the same man."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2—Adv.

SCHOOL DAYS

this struggle for commerce and trade. While there has been much talking about "the cry of humanity," Great Britain, and in a lesser degree France, Belgium and Italy, have been financing a commercial war.

Working For The Future

To every section of the land the educational campaign of the American Forestry Association of Washington has carried the message of the value of trees. The idea of the municipal wood lot is also being carried far and wide. An example of this is reported by the Hymera high school of Indiana, which the American Forestry Association says other towns may be able to follow.

The High School in co-operation with the grades, the district schools and the public set out the vacant lot east of the present high school as a grove in young forest trees. This lot was formerly a part of the old White Ash Coal Mine and is low ground with many sink holes, making it unfit for cultivation. Township Trustee E. A. Marzatta conceived the idea of setting it out in young forest trees, thus providing an ample grove for future generations. He presented his idea to the Jackson township teachers who accepted it with enthusiasm, the American Forestry Magazine says, and appointed Miss Eleanor Stewart, teacher of botany and agriculture in the Hymera high school, and Miss Nell Farley, agricultural teacher in the grade school, to supervise planting.

The high school science classes were put to work on a study of forestry and especially on trees adapted to low ground. Surveys were made and plans drawn of ground, then the placing of the trees worked out. County Agricultural Agent H. S. Benson was called in. The plot was then staked off, the ground divided and apportioned to the various grades. All boys of the high school and in the sixth, seventh and eighth grades participated in weeding the spade. The classes both at the grade and high school went to the woods and secured trees. About two hundred trees were planted, selections being made from the local forest trees. The high school agricultural class has since gone over the field trimming and replacing.

Mr. Harding is from Ohio, Mr. Cox is from Ohio the prohibitionists have nominated a gentleman from Ohio and there are still a few eligibles left in Ohio? Any more parties to be heard from?

Some people seldom have ear troubles. They use brains as well as gas.

All roads of industry lead to wealth, but most people take the back track.

Charles A. Bookwalter of Indianapolis and Walter C. Hughes secretary of the National Confectioners Association delivered the main address today. Tonight there will be a theatre party. The meeting will continue through three days. Featuring the convention is an elaborate display of confections in a local hotel.

One of the questions coming before the confectioners and which was expected to be given much prominence in their discussions was the shortage of sugar and its prevailing price.

SQUIRREL SEASON IS OPEN

Lawful to Shoot Bushy Tails Until November 30

The squirrel season was open in Indiana today and a few hunters took advantage of the opportunity this morning to go squirrel hunting. The open season for squirrels really came in yesterday, but on account of the first of the month falling on Sunday, sportsmen had to let one day slip by before taking to the woods. The season will close on November 30.

According to some local hunters, there are not as many squirrels this season as usual. Others contradict this statement, however, declaring that in some localities of the county the woods are full of them.

Just Folks

By EDGAR A. GUEST

WHEN NELLIE'S ON THE JOB.

The bright spots in my life are when the servant quits the place. Although that grim disturbance brings a frown on Nellie's face; The week between the old girl's reign and entry of the new Is one that's filled with happiness and comfort through and through. The charm of living's back again—a charm that servants rob—I like the home, I like the meals, when Nellie's on the job.

There's something in a servant's ways, however fine they be, That has a cold and distant touch and frets the soul of me. The old home never looks so well, as in that week or two That we are servantless and Nell has all the work to do. There is a sense of comfort then that makes my pulses throb And home is as it ought to be when Nellie's on the job.

Think not that I'd deny her help or grudge the servant's pay. When one departs we try to get another right away. I merely state the simple fact that no such joys I've known As in those few brief days at home when we've been left alone. There is a gentleness that seems to soothe this selfish elf And oh, I like to eat those meals that Nellie gets herself!

You cannot buy the gentle touch that mother gives the place. No servant girl can do the work with just the proper grace. And though you hired the queen of cooks to fashion your croquettes Her meals would not compare with those your loving comrade gets. So, though the maid has quit again and she is moved to sob, The old home's at its finest now, for Nellie's on the job. (Copyright by Edgar A. Guest.)

Second Wind

By GEORGE MATTHEW ADAMS

THE race of Success is won just like any other race—on Second Wind. Second Wind is nothing more or less than reserve power responding and carrying one through to the end.

Be a Second Wind Performer. Some people never experience Second Wind—simply because they never put forth the necessary effort to enable them to draw on their reserve lung space. But the reserve is there just the same.

Be a Second Wind Performer. The successful man goes through all the little processes of failure and discouragement and defeat—then he gets his Second Wind—pushes all the setbacks aside, and carrying great momentum, he goes on and on. This is always the story of the one who has the courage and stamina to press on until the Second Wind is reached.

Be a Second Wind Performer. If you want to experience the delight and power that results from the acquiring of your Second Wind you have but to do more than you are told to do—more than you have to do. Second Wind comes through Initiative, Enthusiasm and Determination. Be a Second Wind Performer.

Declares He Kept Bilious All the Time, Tongue Was Coated, Breath Foul, Constipation and Gas Filled His Stomach.

Two bottles of Dreo Brought Quick Relief.

"I have certainly been helped by taking this medicine Dreo, and don't object to telling about it," declared Mr. Geo. Foley the popular Deputy Sheriff of Lafayette, Ind. "My stomach and liver have been sluggish for some time. After eating I'd bloat up with gas which was very uncomfortable. My bowels were constipated daily. Seemed I stayed bilious all the time for I'd have headaches, dizzy spells, foul breath and a vile taste in my mouth.

"So much praise was being given to Dreo, the root and herb remedy I got some of it, and it was remarkable how it corrected my troubles. I never have gas in my stomach nor acid risings, my liver has been worked off thoroughly so that I don't get dizzy anymore. I feel good all the time, have fine appetite and sleep sound. Dreo is alright and I recommend it's use to my friends."

All druggists now sell Dreo and it is being especially introduced in Rushville by F. B. Johnson & Co. (Advt.)

Tail Lights Are Defeated Sunday in Tight Game at Richmond by Score of 3 to 2

LAST INNING RALLY FAILS

Two Hits Fail to Produce Tying Score—Rushville Best Attraction of Season

Playing the Richmond Eagles to a standstill until the eighth inning, the Rushville Tail Lights lost a fast game yesterday afternoon, by the close score of 3 to 2, on the diamonds in Richmond.

Although outitting Richmond by on hit, the Tail Lights failed to bring in an extra run that was necessary to tie the score. A fighting spirit prevailed until the last man died in the ninth inning, the game ending with Rushville having a man on second base.

The game was so close throughout, that in many places it was one-two-three. In the fifth inning Plummer, pitching for Rushville, struck out the three batters who faced him.

Plummer pitched excellent ball, and had the Richmond team baffled being credited with 11 strike outs, every man on the Richmond team with one exception, falling before the "drops" which he delivered.

In the first inning Joyce, second man up for Rushville, singled, and it looked like an easy game for the Tail Lights. Bell lead off man, and third baseman, had previously knocked a fly ball to centerfield. Smith struck out and Bennett flew to the outfield.

Richmond in the first inning did not reach first base, only three batters facing the pitcher, two of whom fanned.

In the last of the second, Richmond scored two runs. Smith, right fielder, landed on the ball for a two base hit. Reddinghaus struck out. Byrket struck out. Two out, and with Smith on first Holmes knocked a high fly to centerfield, on which he was safe on first, error on centerfield, scoring Smith. Haas up, knocked pop up, in infield safe on Joyce's error, scoring Holmes. Hawekotte up, struck out. Two runs, one hit and two errors, was the result of this inning.

In the first of the third inning, the Tail Lights evened up when they put across two runs. Conway, first man up, struck out. Sharp was safe on first, error on Richmond's third baseman. Bell hit past short stop, advancing Sharp to second. Joyce popped out to infield. Smith was given a base on balls. Bases filled, two out Bennett up, singled to left field, scoring Sharp and Bell. Bennett was caught out at second. Two runs, two hits and one error was the total of this inning.

From the third inning on, the game was an even draw. Only one time did it look dangerous for Rushville, when Richmond filled the bases, with no outs, and a double play and strike out, ended the inning.

In the eighth inning Richmond earned their winning run, after securing two clean hits. The two runs obtained in the second inning were not earned runs and the two credited to Rushville were earned, being made with hits.

In the ninth inning Plummer led off and singled to center field. Hobart batting for Pearsey, was out on a pop up. Conway up, but Plummer was caught at second stealing. Conway then hit past short stop and stole second. Hendricks, batting for Sharp, popped out to the infield. Two hits in this inning for Rushville, failed to bring in a run.

The attendance at the game was over 2,500 and was the largest of the season for the Richmond park. The game was fast from start to finish, only an hour and a half being required to play it. From a spectators viewpoint Rushville played classy ball, and aside from two errors in the second inning, the game was perfectly played by the Tail Lights. Rushville baseball fans should be proud of the team, that is composed entirely of local players, with the exception of the pitcher, who hails from Indianapolis.

Plummer was right yesterday, and allowed only six hits, two of which did not come until the fatal eighth inning. Manager Conway has secured him for a few more games, and Rushville fans should turn out in big numbers next Sunday when the team representing Brookville, composed of Connorsville and Cincinnati players, will be the opposition.

Fully two hundred people from Rushville motored to Richmond yesterday, and everyone in the grandstand admitted that Rushville was the best attraction that has been on the diamonds this season, and negotiations were begun at once for a return game later in the season.

RUSHVILLE FURNITURE CO. DEFEATS PARK

Wins by Score of 15 to 11 in Game on West Third Street Diamonds Sunday Afternoon

CROWD UNUSUALLY LARGE

The Rushville furniture factory baseball team defeated the Park furniture factory team on the West Third street diamonds Sunday afternoon, by the score of 15 to 11, the game being anyone's game until the last man up had been called out.

The winners started their scores in the first frame, getting one count and four in the second inning. The big inning was the fifth, when seven runs were put across the plate. The losers made a run in the second inning, two in the third and three in the seventh, and when the ninth inning came around the score was 12 to 8, and in this inning each team secured three more runs.

Yazel and Vansickle formed the batteries for the Rushville team and Smith and Goodin for the Park team. The attendance was unusually large. The two factory teams were given a chance to play on Sunday, because of the absence of the Tail Lights.

The score by innings: R'ville Co. 1 4 0 0 7 0 0 0 3—15 14 2 Park Co. 0 1 2 0 3 1 1 0 3—11 12 7 Umpire Charles Todd.

LOCAL TEAM SHUT OUT

The New Salem baseball team shut out the C. E. Francis factory team from this city, in a seven inning game played on the New Salem diamonds Saturday afternoon, the score being 6 to 0. The game was fast from start to finish, and Norris, pitching for New Salem, held the factory team scoreless. The Rushville team made the trip to New Salem in a motor truck, and the game was called in the seventh on account of rain.

ARLINGTON RED SOX WIN.

The Arlington Red Sox came out winner again yesterday afternoon on the lot in that town, when they defeated the Connorsville Giants by the score of 5 to 3, in a game which was interesting from beginning to end. The visiting team was composed of colored players and furnished good sport for the fans.

DR. GREEN RECOVERING

Dr. Green of Manila, who underwent an emergency operation late Friday afternoon for appendicitis, was reported today as recovering as well as could be expected, because of the seriousness of the operation. Dr. Thomas Noble of Indianapolis performed the operation, and Drs. Frank Green and Lowell Green of this city assisted, it being formerly stated that Dr. Frank Green performed the operation.

SOCIETY

The meeting of the Rebekah Crochet club which was to have been held Wednesday of this week has been postponed until the first Wednesday in September.

The Young Ladies Mission Circle of the Main Street Christian church will meet tonight at 7:30 o'clock at the home of Miss Ruth Higgins in North Harrison street.

Mr. and Mrs. Wayne Werking and Mr. and Mrs. Ray White and family of Raleigh were dinner guests of Mr. and Mrs. William Fry yesterday at their home in Falmouth.

Mr. and Mrs. P. A. George of Orange entertained at dinner yesterday Mr. and Mrs. Jasper Heizer of East Connersville, and Mr. and Mrs. A. B. George and family.

The Industrial Club will hold a picnic Wednesday in the city park instead of Green's Cottage as previously arranged. At noon a pitch-in dinner will be served.

Mr. and Mrs. Glenn E. Foster, Mr. and Mrs. Paul S. Boehm and Mr. and Mrs. Loren Meek motored to Glen Miller park near Richmond yesterday and enjoyed a picnic.

The meeting of the Tri Kappa sorority which was to have been held tonight at the home of Miss Fanny Stiers has been postponed until Monday evening, August 16.

Mrs. O. M. Dale was hostess for the Five Hundred Club this afternoon at her home in North Main street. After an afternoon of cards delicious refreshments were served.

The Royal Neighbors will have a call meeting tonight to transact all business that may come before the camp. All members are urged to be present as District Deputy Clara Valentine will be present at this meeting.

Mr. and Mrs. Howard Mahin and son, Mr. and Mrs. Ed Frazee, Mr. and Mrs. O'Brien Readle, of Detroit, Mich., Mr. and Mrs. Guy Mulbarger and Mr. and Mrs. E. R. Casady and family enjoyed a pitch-in dinner yesterday at the home of Mr. and Mrs. Mahin.

The W. R. C. Penny Social will meet tomorrow afternoon at the home of Miss Anna Gilson, 123 East Third street. The assisting hostesses will be Mrs. Denny and Mrs. Bainbridge. All members are requested to be present for the meeting.

The Helping Hand society of the Homer Christian church will meet Wednesday afternoon at the home of Mrs. Cora Kemple near Homer. All members are requested to be present as there will be business of importance brought before the club at this time.

Frederick's College Orchestra will furnish the music for the invitational dance to be given by the Phi Delta Kappa fraternity Wednesday evening in the Modern Woodmen Hall in West Third street. The music promised to be exceptionally good and a large crowd is anticipated.

Mr. and Mrs. Jess West and daughter Margaret, Mr. and Mrs. Jess Smith and daughter Beatrice Louise and John and Will Owens, motored to Richmond yesterday and enjoyed a pitch-in dinner at Glen Miller park and attended the ball game between the Richmond ball team and the Tail Lights of this city.

Miss Hazel Leora Furnish, daughter of Mr. and Mrs. Leonard Furnish of near this city, and Lester David Craven of Moores Hill, Ind., were united in marriage yesterday afternoon at 5:30 o'clock at the Main Street Christian parsonage by the Rev. L. E. Brown. The bride was dressed in white georgette crepe over white satin and was attended by Miss Rachael Young of Knights-town, who was gown in light blue crepe de chine. The bridegroom was attended by Lewis Walker of Knightstown. Immediately after the ceremony the bridal party returned to the home of the bride where a delicious six o'clock dinner was served. Mr. Craven is the son of Mr. and Mrs. J. A. Craven of near Moores Hill and is a veteran of the late war. After a short wedding trip Mr. and Mrs. Craven will be at home to their many friends at the home of the bridegroom's parents.

Miss Della Rae had as her dinner guest yesterday, Miss Grace Aull of Cincinnati, Ohio.

The Woman's Council will hold the regular monthly meeting tonight in the Callaghan store in East Second street.

The War Mothers will meet Wednesday afternoon in the assembly room of the court house. All members are urged to be present.

FRUIT MAKES BEAUTY

HERE'S another menu, which will not add an ounce of flesh to the plump woman—
Boiled fish,
Roast mutton, sauce vinaigrette,
Cauliflower,
Sliced peaches or stewed peaches,
Black coffee, or clear tea.
There is plenty of nourishment in this meal, yet no fat. Starches like potatoes, gravy, fat soup, cream, sugar, are not included at all, the bread to be eaten with the meal is

The Acids in Fruit Will Make You Pretty and Healthy.

gluten bread, which is not fattening, and sweetening for coffee is saccharine, not sugar.

A good luncheon for the woman who wants to reduce would be—

Sliced cold meat,
Stuffed olives,
Fruit salad.

And all the gluten bread desired. Of course butter is not included in any way in a course of diet that is to reduce, for butter is pure fat.

A woman who weighs 190 pounds and who is trying to reduce by taking this scientific diet along with Turkish baths and exercise, complains that she feels hungry between meals. Eating little and often tends to fatten, yet when the system demands food, it is best to give it. An apple eaten between times will not hurt.

Acetylene in Place of Ax.

The success of the acetylene torch in cutting metals suggests to a southern lumber concern the possibility of using the same method to fell cypress trees. No fire danger would be involved, since this particular timber grows in swamps, and those responsible for the proposal are now searching for further evidence of its practicability.—Popular Mechanics Magazine.

Mrs. Jake Brown entertained the Inter Nos club at her home south of Homer last Thursday afternoon. During the business session the club decided to hold a picnic for their families on August 12, near Flat Rock. Each member is requested to bring a well filled basket for the picnic dinner at noon and also to meet at Mrs. Brown's at 9:30 o'clock. Mrs. Oliver Fletcher and Mrs. Jake Brown gave a number of readings and music on the Edison was enjoyed. Late in the afternoon the hostess served refreshments of ice cream, cake and lemonade. Nine members and three guests, Miss Myrtle Taff of Madison, Miss Franie Lewis of Blue Ridge and Mrs. Earnest Corrie were present.

TAKES OVER FEEDING' OPERATIONS IN EUROPE

FOX'S HOUSEWARMING

MR. FOX had been so much disturbed by Mr. Dog and his master that he decided to try living somewhere besides on the ground floor of the woods.

One night he took a look around in the moonlight and to his delight he discovered the very place for him to live.

It was a house built in the branches of a big tree that some boys very likely had made the year before. "Now, with a very little repairing this will be the finest house in the woods," said Mr. Fox.

So over the hill he ran to Mr. Man's and brought away all that was needed to make his house comfortable.

He even found an old piece of stove

pipe to make his stove draw well, and in a few days Mr. Fox told all his friends of his new home and invited them to a housewarming.

Mr. Coon and Mr. Possum and Mr. Squirrel were not at all upset by finding out that Mr. Fox's new home was in the big tree, but Mr. Rabbit and Mr. Badger looked very sad and said it was out of the question for them to accept Mr. Fox's kind invitation,

much as they would like to be present.

Mr. Fox had borrowed a ladder from Mr. Man and when Mr. Rabbit and Mr. Badger said they could not come Mr. Fox remembered that he was not much of a climber himself, and that if he did not keep that ladder he might have a hard time getting into his home when he was in a hurry.

So he decided that Mr. Man would not need it as much as he would and that it would also make a nice addition to his home.

When he told Mr. Badger and Mr. Rabbit about the ladder they decided to come, and one night when the moon was shining the animals were all to go to Mr. Fox's house to dinner.

Mr. Fox thought it would be the cheapest way to fill his guests with soup, so he took all the bones that he had collected and put them in a pot on the stove to boil.

Up curled the smoke from his chimney and out through the windows went the nice-smelling odor of soup, and Mr. Dog who happened to be running through the woods saw and smelled as well.

He wagged his tail and looked up at the house in the tree; then he whined and scratched the tree, and as he danced about it, with his eyes fixed upon the house all the time, he bumped into the ladder.

"Ah, how fortunate," he said, and up he went and into Mr. Fox's house he went, too, and took the cover off the pot.

It did not take him a second to remove the pot from the stove and pour out the soup in the sink and cool those bones, and then such a feast he had.

He ate until he became sleepy; then he lay down on the floor and went to sleep.

FAREWELL REVIVAL IS WELL ATTENDED

Interest Shown at Very Outset of Meetings Marking Departure of Captain Trench

TO CONTINUE ALL THIS WEEK

The farewell revival meeting that is being conducted by the Rev. Joseph Wainwright of Shelbyville, and Captain Trench of this city, drew a large crowd last night and everything points to a wonderful meeting this week, prior to Captain Trench's farewell from this city to go to East Chicago to open Salvation Army work at that place.

After the singing of "Rescue the Perishing," Captain Bullard of Indianapolis, led in prayer followed by Mrs. Envy Gipson, and others rising to their feet and pledging cooperation during the meetings.

The evangelist used for the basis of his remarks, Luke, eighth chapter, 39th verse, "Return to thine own house and show how great things God has done unto thee." Mr. Wainwright preached a very impressive sermon. At the close one man testified to being healed and six others found their way to the Saviour of the World Capt. Trench said today.

Meetings will be conducted every day this week, except Saturday, at 2:30 and 8 p. m. All are invited to attend these meetings.

Tired Out?

Do you know that languidness, that "awful tired feeling," heaviness, lame or weak back, sore muscles, stiff or swollen joints, rheumatic pains, lumbago, in the great majority of cases, indicate kidney trouble?

Foley Kidney Pills

act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to a healthy condition.

Mrs. Robert Blair, 451 S. 29th Street, Terre Haute, Ind., writes: "I suffered two years with kidney and bladder trouble frequently getting backache. Mornings I would arise feeling very tired and having headaches, and see floating specks before my eyes. I saw Foley Kidney Pills advertised and made up my mind to try them. After taking them a few weeks I found my trouble dispelled. The backache stopped and my kidneys were restored to healthy, normal action. I am free of those tired spells and headaches and my vision is no longer blurred. My recovery is entirely due to Foley Kidney Pills, which I gladly recommend."

SCOUTS TO HALT FALSE ALARMS.

Scout firemen is the newest activity to be added to those of the Salt Lake council of the Boy Scouts of America. Co-operation with the fire department will be taken up wherever possible and in any way deemed fit by the fire chief. The purpose of this organization is to promote the safety of life and property in the city by the prevention of fires and accidents, the prevention of false alarms from fire alarm boxes and telephones.

To Clean Furniture.

If, instead of spirits of camphor, camphorated oil be used in cleaning furniture, it will not only remove the white stains but restore the polish.

A Few Eye "Ifs"

If an hour's reading makes your eyes ache. If printed matter occasionally gets "misty." If you are obliged to stop work periodically to rest your eyes for a few moments. If you find it easier to read nearer or further away than the normal twelve or fourteen inches—then something is wrong.

If you cannot recognize people across the street. If you have to make an effort to see clearly—knitting the brows for example. If strong light gives you pain in the eyes, or if you require more light than hitherto—your eyes need attention.

MANY FISH SUPPLIED IN LAST TWO WEEKS

Indiana Hatcheries Distribute 43,057

Fish in State Streams or Year's

Total of 377,175

MOST OF THEM BLACK BASS

Indianapolis, Aug. 2.—Shipments of black bass and crappie from the Riverside state hatchery in the two weeks ending July 23, totaled, 43,057. Of this number 41,000 were bass and 2,057 were crappie, according to announcement of George N. Manfield, superintendent of the state conservation department. The fingerlings were distributed in streams and ponds on applications filed with the department.

Previous plantings from this hatchery this season aggregated 339,175 by the state department, and augmented by 38,000 sent out by the Marion County Fish and Game Protective Association bring the hatchery's output up to 377,175 so far this season, the greatest record in its history.

THE SLEEPING PORCH

THE sleeping porch is something which is added to a house in order to provide more room for fresh air and feet. Every night during the heated term thousands of new, expensive sleeping porches are crowded with feet which protrude carelessly from the coverlets, instead of having to be run out of a hall bedroom window in the effort to cool off. All over the middle West, at this time of the year, myriad number of faithful feet wearing patent corn pads are led into sleeping porches by their owners and put where the mild evening zephyr and the stray lightning bug can roam over their surface.

Nine times out of ten the sleeping porch is an afterthought. It is one of the most high-priced thoughts a man can have, if he is going to keep up with some neighbor who started his sleeping porch immediately after the aster was dug. It costs more to tie a 12 by 18 sleeping porch to the second

story of an old house than it does to build a bungalow from the ground up, including a hot-air furnace and open-work plumbing. This is because the work is never started until a hot night comes along and parbolls the entire family to a delicate pink hue.

Most people never use the sleeping porch except when it is necessary to save human life. It is sad to see men put hundreds of hard-earned dollars into a capacious, hard pine sleeping porch and allow it to stand idle and collect dust and autumn leaves. It is equally sad to see a large family troop into one of those porous porches on the first hot evening and discover that the beds have not been made up since the 31st of the preceding August. This causes much discontent on the part of husbands who were led to expect different treatment prior to the wedding morn.

Some enthusiasts use the sleeping porch the year around, retiring in the dead of winter with a soapstone, a set of earlaps, a fur boa and four pairs of woolen underwear. This gives them plenty of fresh air and also encourages the growth of the unobtrusive chilblain. After a while they get so accustomed to it that they can remove one layer of underwear and substitute a hotwater bag, located in the small of the back. Those who think that all of the heroes and heroines were in the European war should try this next winter for one week, and jot down their impressions after coming out of the hospital.

TO BUILD RUSSIA ON AMERICAN PLAN

Soviet Government is Westernizing Russia on American Trust Plans, According to Dr. Guest

FRIGHTFUL CONDITIONS SEEN

Says Country is in Pitiful Plight and He Believes Soviet Government Will Remain

(U. E. Staff Correspondent.)
By CARL D. GROAT

Berlin, June 28, (By Mail).—"The Soviet government is westernizing Russia on American trust lines," declared Dr. L. Haden Guest of London, member of the British Labor Delegation to London upon his return from the Russian tour. "The men behind it have western ideas—mainly American ideas."

Guest concluded in these words an interview with the United Press on the Russian situation as he sees it, after a careful inspection in Petrograd, Moscow and down to the Caspian.

He painted the nation as underfed as loaded down by theft and grafting. Bolshevism hasn't been a success, if one analyzes his whole story together. Yet, it is just now succeeding in reconstructing its railways to some extent, while factories are beginning to open as the oil from captured Baku goes up the Volga.

"This beginning of industry," he said, "isn't something that the soviet authorities told me about. It is what I saw with my own eyes. I made the trip southward, and stopped at several villages en route. In one place I was called in as a physician and in that capacity I could get a view of soviet home life. I found there and elsewhere that some factories were smoking—the strength of the Baku oil. And, I saw some shipping going on—goods being brought out of Persia and Turkistan."

But Russia's situation on the whole is one of serious underfeeding according to the doctor.

"One simply cannot live on the rations issued by the government," he declared. "And, as a result, there is a trade between the peasants and the cities which is winked at by the authorities even though it is legally forbidden. In fact, everywhere there is bartering going on. In Moscow, I was offered \$50,000 rubles for my pair of old army shoes. But, the average workman doesn't have enough to eat. Suppose he gets 3,000 rubles a month without food. That would last you or I about two days with the strictest economy. The bread is inedible for anyone not accustomed to it. In fact, it causes intestinal troubles for six months or so, until one is 'acclimated'. Great care is being taken to nourish the children as much as possible, but the populace in general is badly undernourished. One sees it in the crowds along the streets, and that means that the degree is quite remarkable."

"Will the soviet system as such remain in Russia?" he was asked.

"I believe it will. That is to say, the system whereby there is communal voting, for after all what difference does it make whether wards are voting or communes. In the countries, the soviet system is quite adaptable to the peasants' present and former mode of life. In the cities, it is quite feasible for labor unions, trades and professions to vote."

But, he held that an alteration of sovietism is under way.

"Capitalism hasn't been completely abolished," he declared. "In fact, capital is being asked into the country to take forest concessions, the fishing concession and some others. The smaller steamers are still in private hands."

"What is going on in Russia is really the westernizing of the nation on American trust lines. It is much the same as though a few trust magnates in America controlled the na-

SYSTEM OF SINN FEINERS UNIQUE

Agents are Wide Awake in England and Even in Canada Where Propaganda is Spread

PAPER IS SMUGGLED IN

Instance is Noted of Business Man in Montreal Who Received Journal After 2 Months Residence

Montreal, Que., Aug. 2.—That the reported burning of jails, raids and other acts of violence by the Sinn Feiners in Ireland and itself is only a minor part of the campaign for the freedom of the Emerald Isle and that the real work—the appeal to the world—is being directed from London and perhaps from within the very shadow of the Scotland Yard detective headquarters itself is the growing belief here.

The impression that the Sinn Feiners have selected London as their headquarters is caused by the fact that local business men and leading citizens recently have received through the English mails much Sinn Fein propaganda. One prominent business man of Montreal received a copy of Sinn Fein publication "Young Ireland" of the date of April 17. He had only taken up his residence at the address to which the paper was mailed two months ago and this gives a fair idea of how wide awake Sinn Fein agents are, both in Canada and in London. The paper had been carefully folded inside an innocent looking copy of the London News and was postmarked London, June 28, 6:30 p. m.

In addition to some matter in Gaelic which the recipient was unable to translate, the paper had a leading article headed "A Victory for Ireland". It evidently referred to the success of the Sinn Fein hunger-strike at Mount Joy and Wormwood Scrubs prisons when the English were compelled to liberate the Irish prisoners when on the verge of death from starvation. It reads in part:

"The undaunted and indomitable spirit of the Irish Nation has triumphed over the most brutal, the most jealous, the most debased tyranny that has degraded the name of civilization. Ireland's glorious victory was won by the entire Irish people. Lying at death's door, surrounded by the might of the Empire one hundred fearless men flung defiance at their torturers; one hundred mothers of these brave men encouraged their sons to persevere in their great struggle."

tion, but worked it through communes or soviets from the political standpoint. Russia hasn't changed essentially. It still has despotism. It is likely that the soviet system will remain but it is a question whether its leaders will.

"The development in Russia is along the lines of the big trusts. A few men are made responsible for enormous systems. For instance, one man is in charge of rebuilding the railways, and he is doing it, though he must have locomotives and spare parts, if his work is to be fully accomplished."

MORE THAN HALF OF MINES STILL IDLE

District President of United Mine Workers Believes Many Will Resume Work Tomorrow.

"POCKET" STILL AFFECTED

Statement From Indianapolis Headquarters Says Most of Miners Who Were Idle Return.

(By United Press.)
Evansville, Ind., Aug. 2.—With the unauthorized strike of coal miners spreading into Kentucky, the mines in the "pocket district" of Indiana did not reopen today, according to the Indiana coal trade bureau here today.

Terre Haute, Ind., Aug. 2.—More than half the mines in the Indiana coal fields continued idle today, but they probably will re-open tomorrow with the cessation of the unauthorized strike. Ed Stewart, district president of the United Mine Workers, said today.

Many of the mines resumed work today, according to reports at union headquarters.

Officers of the Indiana bituminous coal operators association here expressed the opinion that nearly all of the mines will be in operation again tomorrow.

Some of the local unions failed to receive the mandatory order of John L. Lewis, international president, directing them to return to work by today.

"I believe that they will heed the order of their officials," Stewart said.

Indianapolis, Ind., Aug. 2.—Coal miners who have been tying up the Illinois and Indiana fields by unauthorized strikes are returning to work today in compliance with the order of John L. Lewis, international union president, according to word at headquarters of the United Mine Workers here.

"If the people do not get coal now it will not be the fault of the miners," an announcement from the union headquarters said.

The statement said that most of the miners who were idle last week are at work today.

Numerous dispatches had been received at the headquarters of the United Mine Workers of America from local unions in Illinois and Indiana and all say the same thing—most of the miners returned to work in compliance with the order issued by John L. Lewis, president of the announcement said.

It is safe to say that a majority of the miners who were idle last week are at work today and others will be at work within the next day or two.

"They will produce all the coal the country needs but it will be the duty of the railroads to haul it to the consumer. Of course, the miners could not do that. If the people do not get coal it will not be the fault of the miners."

22 KILLED DURING JULY

London, August 2.—Twenty-two persons were killed and fifty-seven were wounded in Ireland during the month of July, Premier Lloyd George declared today in the house of commons. The killed were 15 policemen, 4 soldiers and 3 civilians. Wounded were 30 policemen, 22 soldiers and five civilians.

SUSPENDS JURY TRIAL

London, Aug. 2.—The cabinet today approved the Irish bill practically as presented. It is expected to be introduced in parliament today. The measure it is understood suspends trials by jury and provides that offenses shall be tried by the court martial in Dublin.

GERMANS TO GUARD BORDER

Paris, Aug. 2.—Germany has issued an order for troops to be sent to the Eastern Prussian frontier in order to guard against the Poles and Bolsheviks who may carry their warfare across it, the allies were informed today.

TWO MEN ASSIGNED HERE

Capt. Marks and Lieut. Lawton Sent by Salvation Army

Captain Marks and Lieutenant Lawton have been assigned to take charge of the work of the Salvation Army here, succeeding Captain J. A. Tench, who will leave August 11 for East Chicago. Capt. Marks and his assistant have been in charge at Michigan City, Ind., and have had wonderful success there. They are both accomplished musicians and will be welcome by local Salvation Army workers, although great regret is expressed that Capt. and Mrs. Tench are leaving.

Capt. Tench will open the work in East Chicago as the Salvation Army was never represented there.

DEBT ON ARLINGTON PARSONAGE RAISED

Fourteen Hundred Dollars Are Raised at Dedication Service at Arlington Sunday

KEYS ARE GIVEN TO PASTOR

The balance of the debt on the new parsonage of the Arlington Christian church was lifted at the dedication ceremonies Sunday when \$1,400 was quickly subscribed. The principal addresses at the three services held during the day were made by the Rev. C. W. Caudle of Indianapolis, secretary of the Indiana Christian Missionary society, and a number of pastors from this county participated. Great enthusiasm was created in the raising of the money.

Between 400 and 500 people attended the special day, a basket dinner at noon being a feature. At the night meeting the building committee presented the keys to the parsonage to the trustees, who turned them over to the pastor, the Rev. G. H. Lawton. Elmer Hutchinson, chairman of the board, made a short response to the dedicatory address by the Rev. Mr. Caudle. The membership committee and trustees today expressed their thanks for the co-operation of the Methodist church for dismissing their services last night and taking part in the meeting. Appreciation was also expressed for the co-operation of other churches of the Christian denomination in the county. The churches at Clarksburg, Hannagan, Gwynneville and Glenwood gave liberally to the parsonage fund. The Rev. Mr. Crawley of Metamora, former Arlington pastor, and the Rev. M. Lewis, pastor of the Hannagan and Clarksburg churches, spoke briefly at the afternoon services.

LODGEMAN IS WELL KNOWN

Calvin W. Prather, Who Died, Had Visited Rushville Masons

Calvin W. Prather, age seventy-five years who was well known to Rush county Masons by reason of having served nineteen years as secretary of the Indiana grand lodge died at the home of his daughter in Indianapolis at 8:30 o'clock last night.

Great regret was expressed today by many men prominent locally in Masonry, at the loss to the lodge by Mr. Prather's death, as he was regarded as a very capable official. He had visited the Rushville lodge on several occasions, as well as other lodges in the county.

ELECTED COMPANY NURSE

The following marriage license was issued Saturday afternoon: Lester David Craven, a farmer of Moore's Hill, and Hazel Leora Furnish, daughter of Mr. and Mrs. Leonard Furnish of this city.

35 ARRESTS MADE IN MONTH OF JULY

Unusual Number in Rushville Accounted For By Circuit Court Being in Vacation.

OTHER JULY STATISTICS

Five Fires Reported During Month, 11 Births, 4 Deaths and 4 Cases of Contagion.

With the passing of July, some interesting statistics concerning the city and the business conducted here during the month is available, the information being supplied by the various records of the different departments of the city and county.

During July there was a total of 35 arrests, of which two were dismissed, two given an appeal to the circuit court and the remaining 31 defendants were given fines and jail sentences.

The 35 arrests were made as follows: 15 in police court and 20 in Squire Stech's court. Those arrested and arraigned before Mayor Irvin were all men, and before the squire, one woman paid a fine, being charged with provoke.

The number of arrests is unusually large for a city this size, but during the summer months when the circuit court is in vacation, much of this business is given over to the lower courts. The number in police court was larger during the month than is usually the case, but in Squire Stech's court the cases have been outnumbering the police court for several months.

There were five fires reported for the month of July, with a total loss of not over \$115. The fire department answered five alarms, one of which was false. One other fire reported was extinguished without the aid of the department, it being extinguished with chemicals provided within the building.

There were only four cases of contagious diseases reported during the month, three of them being diphtheria and one scarlet fever. During the month previous only one case of contagion was reported.

The stork ran way ahead of the grim reaper in Rushville during July, as there were 11 births and 4 deaths within the city limits.

Loren Martin, county clerk, issued a total of 17 marriage licenses during the month, which is an average month for the summer.

The county clerk also received 13 civil suits which were filed with him during July, and this morning August got a good start, when nine new cases were filed, which will go on record for this month.

POSTAL MEN MUST NOT TAKE PART IN POLITICS

Rushville Employees Are Warned to "Refrain From Engaging in The Political Campaigns"

AN ORDER FROM BURLESON

All postmasters and postal employees are warned to "refrain carefully from engaging in pernicious political campaign" in an order issued today by Postmaster General Burleson.

Quoting rulings by the civil service commission, the order gave notice that presidential appointees in the postal service are forbidden, to solicit or receive contributions, must not use their office to "control political movements or cause public scandal.

Employees under civil service, the notice, also said, "are accountable for activity by persons other than themselves, including wives and husbands, if they are in fact accomplishing through the relationship purposes which they are forbidden directly to seek."

The order also included the fact that no postal employee should display his choice for president, by exhibiting a photograph in his window at home, nor are they permitted to wear candidate buttons, which might show their political affiliations.

NINE SUITS FILED IN CIRCUIT COURT

Elmer May Sues Kate May For Divorce, Alleging That His Wife Abandoned Him.

SEVERAL ACCOUNT CASES

Ora Wall Is Made Defendant in Three Suits For Combined Judgment of \$1,400.

Nine law suits were filed this morning in circuit court, most of them being suits on accounts or notes, C. W. Duncan representing eight of the plaintiffs and Samuel L. Trabue, the other plaintiff.

Elmer May filed suit for divorce from Kate May, alleging that she left him, taking with her their two children. The complaint asks for a divorce and custody of the two children, and states that they were married July 17, 1909, and separated May 24, of this year, when he alleges that his wife abandoned him.

The Indiana Refining Company, a corporation, has brought suit on account, demanding \$75, naming Jesse Crim as defendant. The National Live Stock Remedy Company has sued Ora Wall on an account, demanding judgment in the sum of \$30.

Walter E. Smith has filed a suit to foreclose a chattel mortgage, demanding of Earl McDaniel, defendant, the sum of \$75.

Another suit on a note in which \$150 is demanded, was filed by C. L. Wilson, Elbert Florence and W. O. Platt against J. W. Allison, defendant.

Anderson Groce brought suit on a complaint of breach of contract against William C. Geise, demanding judgment in the sum of \$150. Bert Shaver and Charles D. Moore, owners of a hardware store in Carthage, filed suit against Louis H. Kuhn, demanding \$60 judgment on a complaint to collect on a note, which is alleged to be past due.

Robert L. Tompkins also filed suit against Ora Wall, demanding \$100 judgment on a suit to collect on a note. All of the above suits were filed by C. W. Duncan, and S. L. Trabue, representing the First National Bank of Lewisville, Ind., filed suit this morning against Ora Wall, Blanche Hitt and John A. Widau, on a complaint demanding \$900 judgment, alleging that a certain note is unpaid and is past due.

TWO AUTOS AND BUGGY FIGURE IN ACCIDENT

All Three Come Together at Corner of Main and Ninth Streets Saturday Night

NO ONE IS SERIOUSLY HURT

Two automobiles and a horse and buggy figured in an accident Saturday night at 8:15, at the corner of Eighth and Main streets, and luckily the occupants of the vehicles escaped with only slight injuries, and the automobiles and buggy were not damaged seriously.

Harry Clifford, driving his machine east in Eighth street, was without lights because of weak batteries, and a machine driven by another person, whose name was not learned, was going north in Main street, and blinded the driver of the other machine and Herbert Knight, who was driving his horse and buggy north in Main street all three coming together at the corner.

The two machines received bent fenders, and the buggy was slightly damaged. In the buggy were Mr. and Mrs. Knight and two small children, the latter being bruised and shocked. They were taken to a residence nearby. It is said that the accident was unavoidable, as Mr. Clifford's lights had gone out just a few minutes before he reached the street intersection, and he was driving slowly in order to avoid striking anyone.

COLLIDE AT STREET CORNER

Automobile and Motorcycle Damaged But No One Is Hurt

A motorcycle driven by Holly Nelson of Muncie, Ind., collided with an automobile driven by a man name Cloud, at the intersection of Main and Fifth streets, Saturday afternoon about five o'clock and the motorcycle was badly damaged, with a broken front axle and bent wheel, and the automobile had a running board torn off, and a fender twisted. The motorcycleist and his wife, who was riding in a side car attachment, were enroute to Ripley county to pick blackberries and were accompanied by another machine. The two machines ran together when the drivers became confused at the street intersection. The occupants were unhurt, and the motorcycle was repaired Saturday night, so that the berrypickers could proceed on their trip.

COUNTY WILL STORE 2 CAR LOADS OF WOOL

County Committee Compiles Statistics, Showing 18,000 Pounds Will Be Shipped

3 TOWNSHIPS YET TO MEET

A total of over 18,000 pounds of wool will be shipped to the warehouse in Chicago, it was learned Saturday night, following the meeting of nine township committees which had previously been appointed for the purpose of finding out the quantity of the county's wool clip that will be pooled. The remaining three townships will hold meetings soon, and it is expected that there will be two full car loads from this county in the pool.

Each of the nine townships had previously held meetings in which to ascertain the wool growers views, and in all of these places, it was unanimously voted that the clip should be sent to the warehouse, and held until the market justifies a sale.

Noble township will meet tonight, Orange Tuesday and Ripley on Wednesday night, at which time these township farmers will take a vote on the advisability of entering the pool. Chairman Benner of the county wool growers committee announced today that the listing will be held over until Wednesday, and all wool growers who have not had an opportunity of learning about the future plans, should communicate with County Agent D. D. Ball or Mr. Benner, at Mays.

The committee is ordering wool sacks for those who need them, and it is necessary that those who desire sacks, make their wants known by Wednesday.

TEACHERS ARE ANNOUNCED

John Geraghty to be Principal of Webb School

John Geraghty, who last week completed the summer course at Indiana university, has accepted the principalship of the Rushville township consolidated school in the Webb neighborhood southwest of Rushville, it became known today. Mr. Geraghty was principal of the Orange township school at Moscow last year.

The upper grades will be organized on a junior-senior high-school basis, and the Misses Pearl Elliott, May Laughlin and Henrietta Talbert will be teachers in this department. Miss Margaret Mahin will be in charge of grades one and two, Miss Mary Houchins three and four, and Miss Sylvia Mullins five and six.

OPERATION OF NEW LAW IS EXPLAINED

County Auditor Receives Letter Today From State Tax Board Regarding Tax Measure

TO SEND EQUALIZATION ORDER

Indiana Commissioners Say Abstract Will be Unnecessary if No Changes are Made

Will H. McMillin county auditor today received a letter from the state board of tax commissioners, calling attention to the Tuthill-Kiper tax bill, which was passed by the special session of the legislature, and enclosing a copy of the bill.

The letter points out that the state tax commissioners, under one section of the law, is to pass upon the orders of equalization of August 23, 1919 and certify their conclusions to the Rush county auditor, which will be done in the next day or two so that there will be no delay in the matter of getting at this work.

The state board also calls attention to the Rush county auditor, provides for the county board of review to meet and pass upon all orders of equalization for the year 1919. This session is limited to ten days, but if the work required of the board can be done in less time, the state board advises that the county board not be kept in session the full ten days because there will be no occasion for prolonging the session.

It is also pointed out that the new law provides for the two members, in addition to the ex-officio members, shall be appointed by the judge of the circuit court, which has always been the law. The county board of review for years has been composed of the county treasurer, auditor and assessor, and two members, one from each of the two political parties casting the greatest number of votes at the last preceding election. Judge Will M. Sparks is away on vacation now and will not return until the latter part of the week.

The state tax commissioners refer to the provisions of the law which permit the county board to sanction the horizontal increases put on in 1919, or to make any changes deemed necessary, and calls attention to the fact that if changes are made, a new abstract of taxables will have to be made and certified to the state board, which would require much extra work.

"In passing on the orders certified to you," says the state board letter, "they can be adopted by you (the county board of review) as passed by this board, or you can make any changes which your board desires. If changes are made it will be necessary to certify the total amount of property of your county as now required by the abstract, to show the acts of your board. Otherwise, if the orders of equalization made by this board are adopted, the abstract will not be required as in that event you will not be required to certify the figures, as they remain unchanged in the abstract you sent to the auditor of the state last December."

"We would suggest to you the advisability of getting this work done as quickly as possible so that the matter of the 1919 valuations may be corrected promptly and your tax duplicates, both for that year and this, be put upon the correct basis."

W. W. FRANKLIN RELEASED

William W. Franklin, who was arrested in Illinois about a week ago and brought to this city to answer to three charges preferred by his wife, gave bond yesterday afternoon and was released from jail. The three charges of wife seduction, child desertion and marriage to escape bastardy proceedings are pending against him in court, and he will be given a hearing early in the September term. His bond was fixed at \$2,000, case, which was provided.

About \$1500 in cash has been donated by Warsaw business men to be given as prizes to township and counties sending the largest delegations; and a Shetland pony will go to the family having the largest number of members actively engaged in farming. The Warsaw Rotary Club is also giving its support and will offer a substantial prize. The meetings will be held in the Winona auditorium, which seats

Originates Idea to Lessen Fatal Accidents at Railroad Crossings

H. C. Foster of Connersville Offers Suggestion of Building Detour From Main Highways by Blocking Road Where it is Dangerous—Cost Would be Small.

Connersville, Ind., Aug. 2.—Harry C. Foster, mechanical engineer for the Indiana Lumber company, is the originator of an idea designed to lessen the number of fatal accidents that are happening daily throughout the country. Frank B. Ansted, president of the Lexington Motor Company, has caused blue prints to be made of a drawing illustrating the idea and has sent them to many metropolitan papers of the country, as well as to motor trade papers and magazines. It is also hinted that the device, as designed will be called to the attention of the State Legislature and other state authorities, including the state Roads Commission with an eventual view to the enactment of a law, compelling the adoption and use of the device on all surface railway crossings of the state.

The idea seems simplicity itself and is thus elucidated by one fully familiar with it. Whenever a dirt or paved road crosses a steam or interurban railway, there shall be erected, of reinforced cement or

heavy timber, a wall three feet high across the roadway. On this barrier a sign shall be painted on a background of white the word "Danger?" to be painted thereon in large, plain red letters. If the road be electrified the usual electric red lights may be used at night.

After this "fence" or barrier is in place, a semi-circular road can be built around it until the regular roadway is reached beyond on either side of the railroad track.

This simple idea will not be prohibitive as to cost will not be hard to build and will require no special plans of experienced men to construct and each crossing may present a different idea as to general construction. This fence can be easily seen from a distance and cannot miss the eye of the motorist, for it is always directly in view as he looks through the windshield ahead. At night the rays of light from his headlights will strike this sign and the driver will instantly know there is danger ahead.

The matter of patenting this device has been taken up but there is some doubt as to the idea being patentable. Nevertheless the idea will be presented to all the motor magazines and motor clubs and it is thought that in the course of time it will be used the country over.

"Haunting Shadows", Mystic

"Haunting Shadows," in which H. B. Warner will be seen, starting today at the Mystic Theatre, teems with action and melodrama from start to finish.

The picture opens with the arrival deep in an Indiana forest of John Glenarm, a young man from the East, who has been informed but a few days before that his inheritance of the property of his late eccentric grandfather is dependent upon his staying for one year in the old unfinished Tudor castle which the old man left behind. Glenarm accepts the condition.

He has hardly met Bates, the strange butler who is his sole servant, when some foe on the outside shoots at him. A wine glass is shattered in his fingers by a bullet from an unknown gun. Glenarm insists that the butler help him search for the would be murderer. They go out about the estate, but the only person they find is a girl, who appears to know Glenarm, and who, after a word or two paddles off in her canoe.

Another phase of the mystery is developed when Glenarm gradually falls in love with the girl he saw in the canoe, the first night he came, one to learn that she is regarded as a prospective heiress to the money he thinks he has inherited.

Former Governor Killed In Auto at Rail Crossing

J. FRANK HANLY.

(By United Press.)

Indianapolis, Ind., Aug. 2.—J. Frank Hanly, former governor of Indiana and twice candidate for president on the prohibition ticket, will be buried at Williamsport, Indiana, following funeral services here at 10 o'clock Wednesday morning.

The body of the former dry leader, who was killed Sunday in an automobile accident at Dennison, Ohio, arrived here today. The car in which he was riding was struck by a freight train and Dr. and Mrs. C. M. Baker of Kilgore, Ohio, were also killed.

The Rev. Hiram W. Kellogg, of Mansfield, Ohio, will deliver the sermon. The Rev. Mr. Kellogg was a former pastor of the Central Avenue Methodist church where Hanly attended when he was governor.

FOURTH RED CROSS ROLL CALL ANNOUNCED

Announcing the Fourth Red Cross Roll Call, to be held between November 11 and November 25, 1920, Dr. Livingston Farrand, chairman of the Central Committee, made known the fact that as a result of last year's Roll Call, the American Red Cross has ten million members.

The Red Cross has decided to make each anniversary of the ending of the world war the occasion for renewing allegiance to the "Greatest Mother" by means of the dollar membership. Thus the Fourth Roll Call will have for its purpose the maintenance of as nearly universal membership as possible and the support of peace time activities.

These activities are continuation of measures in behalf of America's veterans of the World War, particularly the disabled; service to the peace time Army and Navy, development of a stouter resistance to disease through health centers, increasing of the country's nursing resources, continued preparedness for disaster relief, Home Service and community work and completion of relief work among the war-exhausted and diseaseridden peoples overseas.

ADDED ATTRACTION — BURTON HOLMES TRAVEL

MISTRESS INVADERS OWN KITCHEN—SHE IS FINED

London, (By Mail).—There is no etiquette so strict as that which dominates London life "below stairs."

With all the upheavals of the world war, the dignity of cooks and butlers remains unassailed. A case was recently heard in the High Court wherein a cook took offence because the mistress invaded the kitchen and insisted on cooking some mutton chops herself. The insulted culinary queen immediately gave notice, and in this she was joined by her husband, the butler. Whereupon the mistress locked the back door and thus got herself sned for "wrongful imprisonment."

During the hearing of the case the judge asked why, if the mistress locked the back door, did not the couple go out by the front.

"The cook and butler nearly collapsed at the suggestion."

"That," said the butler, painfully surprised at the judge's ignorance, "is against all kitchen etiquette. When a servant is engaged he enters the house for the first time through the front door. After that he regards the back door as his sole means of entrance and exit. No self-respecting servant would dream of leaving his employer's house by the front door!"

On inquiry it was found that the etiquette ruling such matters was a very real thing to the circle of overlords and underlings of the kitchen, and the aggrieved pair were allowed £5 damages.

Deputy Sheriff Tells Experience

Declares He Kept Illness All the Time, Tongue Was Coated, Breath Foul, Constipation and Gas Filled His Stomach.

Two bottles of Drego Brought Quick Relief.

"I have certainly been helped by taking this medicine Drego, and don't object to telling about it," declared Mr. Geo. Foley the popular Deputy Sheriff of Lafayette, Ind. "My stomach and liver have been sluggish for some time. After eating I'd bloat up with gas which was very uncomfortable. My bowels were constipated daily. Seemed I stayed bilious all the time for I'd have headaches, dizzy spells, foul breath and a vile taste in my mouth.

"So much praise was being given to Drego, the root and herb remedy I got some of it, and it was remarkable how it corrected by troubles. I never have gas in my stomach nor acid risings, my liver has been worked off thoroughly so that I don't get dizzy anymore. I feel good all the time, have fine appetite and sleep sound. Drego is alright and I recommend it's use to my friends."

All druggists now sell Drego and it is being especially introduced in Rushville by F. B. Johnson & Co. (Advt.)

Tail Lights Are Defeated Sunday in Tight Game at Richmond by Score of 3 to 2.

LAST INNING RALLY FAILS

Two Hits Fail to Produce Tying Score—Rushville Best Attraction of Season

Playing the Richmond Eagles to a standstill until the eighth inning, the Rushville Tail Lights lost a fast game yesterday afternoon, by the close score of 3 to 2, on the diamonds in Richmond.

Although outitting Richmond by on hit, the Tail Lights failed to bring in an extra run that was necessary to tie the score. A fighting spirit prevailed until the last man died in the ninth inning, the game ending with Rushville having a man on second base.

The game was so close throughout, that in many places it was one-two-three. In the fifth inning Plummer, pitching for Rushville, struck out the three batters who faced him. Plummer pitched excellent ball, and had the Richmond team baffled being credited with 11 strike outs, every man on the Richmond team with one exception, falling before the "drops" which he delivered.

In the first inning Joyce, second man up for Rushville, singled, and it looked like an easy game for the Tail Lights. Bell lead off man, and third baseman, had, previously knocked a fly ball to centerfield. Smith struck out and Bennett flew to the outfield.

Richmond in the first inning did not reach first base, only three batters facing the pitcher, two of whom fanned.

In the last of the second, Richmond scored two runs. Smith, right fielder, landed on the ball for a two base hit. Reddinghaus struck out. Byrket struck out. Two out, and with Smith on first Holmes knocked a high fly to centerfield, on which he was safe on first, error on centerfield, scoring Smith. Haas up, knoped pop up, in infield safe on Joyce's error, scoring Holmes. Hawekotte up, struck out. Two runs, one hit and two errors, was the result of this inning.

In the first of the third inning, the Tail Lights evened up when they put across two runs. Conway, first man up, struck out. Sharp was safe on first, error on Richmond's third baseman. Bell hit past short stop, advancing Sharp to second. Joyce popped out to infield. Smith was given a base on balls. Bases filled, two out Bennett up, singled to left field, scoring Sharp and Bell. Bennett was caught out at second. Two runs, two hits and one error was the total of this inning.

From the third inning on, the game was an even draw. Only one time did it look dangerous for Rushville, when Richmond filled the bases, with no outs, and a double play and strike out, ended the inning.

In the eighth inning Richmond earned their winning run, after securing two clean hits. The two runs obtained in the second inning were not earned runs and the two credited to Rushville were earned, being made with hits.

In the ninth inning Plummer led off and singled to center field. Hobart batting for Pearsey, was out on a pop up. Conway up, but Plummer was caught at second stealing. Conway then hit past short stop and stole second. Hendricks, batting for Sharp, popped out to the infield. Two hits in this inning for Rushville, failed to bring in a run.

The attendance at the game was over 2,500 and was the largest of the season for the Richmond park. The game was fast from start to finish, only an hour and a half being required to play it. From a spectators viewpoint Rushville played classy ball, and aside from two errors in the second inning, the game was perfectly played by the Tail Lights. Rushville baseball fans should be proud of the team, that is composed entirely of local players, with the exception of the pitcher, who hails from Indianapolis.

Plummer was right yesterday, and allowed only six hits, two of which did not come until the fatal eighth inning. Manager Conway has secured him for a few more games, and Rushville fans should turn out in big numbers next Sunday when the team representing Brookville, composed of Connersville and Cincinnati players, will be the opposition.

Fully two hundred people from Rushville motored to Richmond yes-

terday, and the game was the grandest attraction that has been on the diamonds this season, and negotiations were begun at once for a return game later in the season. The score and summary:

RUSHVILLE FURNITURE CO. DEFEATS PARK

Wins by Score of 15 to 11 in Game on West Third Street Diamonds Sunday Afternoon

CROWD, UNUSUALLY LARGE

The Rushville furniture factory baseball team defeated the Park furniture factory team on the West Third street diamonds Sunday afternoon, by the score of 15 to 11, the game being anyone's game until the last man up had been called out.

The winners started their scores in the first frame, getting one count and four in the second inning. The big inning was the fifth, when seven runs were put across the plate. The losers made a run in the second inning, two in the third and three in the seventh, and when the ninth inning came around the score was 12 to 8, and in this inning each team secured three more runs.

Yazel and Vansickle formed the batteries for the Rushville team and Smith and Goodin for the Park team. The attendance was unusually large. The two factory teams were given a chance to play on Sunday, because of the absence of the Tail Lights.

The score by innings: B'ville Co. 1 4 0 0 7 0 0 3—15 14 2 Park Co. 0 1 2 0 3 1 1 0 3—11 12 7 Umpire Charles Todd.

LOCAL TEAM SHUT OUT

The New Salem baseball team shut out the C. E. Francis factory team from this city, in a seven inning game played on the New Salem diamonds Saturday afternoon, the score being 6 to 0. The game was fast from start to finish, and Norris, pitching for New Salem, held the factory team scoreless. The Rushville team made the trip to New Salem in a motor truck, and the game was called in the seventh on account of rain.

ARLINGTON RED SOX WIN.

The Arlington Red Sox came out winner again yesterday afternoon on the lot in that town, when they defeated the Connersville Giants by the score of 5 to 3, in a game which was interesting from beginning to end. The visiting team was composed of colored players and furnished good sport for the fans.

DR. GREEN RECOVERING

Dr. Green of Manilla, who underwent an emergency operation late Friday afternoon for appendicitis, was reported today as recovering as well as could be expected, because of the seriousness of the operation. Dr. Thomas Nofle of Indianapolis performed the operation, and Drs. Frank Green and Lowell Green of this city, assisted, it being, formerly stated that Dr. Frank Green performed the operation.

gluten bread, which is not fattening, and sweetening for coffee is saccharine, not sugar.

A good luncheon for the woman who wants to reduce would be—

Sliced cold meat,
Stuffed olives,
Fruit salad.

And all the gluten bread desired. Of course butter is not included in any way in a course of diet that is to reduce, for butter is pure fat.

A woman who weighs 150 pounds and who is trying to reduce by taking this scientific diet along with Turkish baths and exercise, complains that she feels hungry between meals. Eating little and often tends to fatten, yet when the system demands food, it is best to give it. An apple eaten between times will not hurt.

Acetylene in Place of Ax.

The success of the acetylene torch in cutting metals suggests to a southern lumber concern the possibility of using the same method to fell cypress trees. No fire danger would be involved, since this particular timber grows in swamps, and those responsible for the proposal are now searching for further evidence of its practicality.—Popular Mechanics Magazine.

Mrs. Jake Brown entertained the Inter Nos club at her home south of Homer last Thursday afternoon. During the business session the club decided to hold a picnic for their families on August 12, near Flat Rock. Each member is requested to bring a well filled basket for the picnic dinner at noon and also to meet at Mrs. Brown's at 9:30 o'clock. Mrs. Oliver Fletcher and Mrs. Jake Brown gave a number of readings and music on the Edison was enjoyed. Late in the afternoon the hostess served refreshments of ice cream, cake and lemonade. Nine members and three guests, Miss Myrtle Taff of Madison, Miss Frankie Lewis of Blue Ridge and Mrs. Earnest Corrie were present.

FOX'S HOUSEWARMING

MR. FOX had been so much disturbed by Mr. Dog and his master that he decided to try living somewhere besides on the ground floor of the woods.

One night he took a look around in the moonlight and to his delight he discovered the very place for him to live.

It was a house built in the branches of a big tree that some boys very likely had made the year before. "Now, with a very little repairing this will be the finest house in the woods," said Mr. Fox.

So over the hill he ran to Mr. Man's and brought away all that was needed to make his house comfortable.

He even found an old piece of stove-

pipe to make his stove draw well, and in a few days Mr. Fox told all his friends of his new home and invited them to a housewarming.

Mr. Coon and Mr. Possum and Mr. Squirrel were not at all upset by finding out that Mr. Fox's new home was in the big tree, but Mr. Rabbit and Mr. Badger looked very sad and said it was out of the question for them to accept Mr. Fox's kind invitation,

much as they would like to be present.

Mr. Fox had borrowed a ladder from Mr. Man and when Mr. Rabbit and Mr. Badger said they could not come Mr. Fox remembered that he was not much of a climber himself, and that if he did not keep that ladder he might have a hard time getting into his home when he was in a hurry.

So he decided that Mr. Man would not need it as much as he would and that it would also make a nice addition to his home.

When he told Mr. Badger and Mr. Rabbit about the ladder they decided to come, and one night when the moon was shining the animals were all to go to Mr. Fox's house to dinner.

Mr. Fox thought it would be the cheapest way to fill his guests with soup, so he took all the bones that he had collected and put them in a pot on the stove to boil.

Up curled the smoke from his chimney and out through the windows went the nice-smelling odor of soup, and Mr. Dog who happened to be running through the woods saw and smelled as well.

He wagged his tail and looked up at the house in the tree; then he whined and scratched the tree, and as he danced about it, with his eyes fixed upon the house all the time, he bumped into the ladder.

"Ah, how fortunate," he said, and up he went and into Mr. Fox's house he went, too, and took the cover off the pot.

It did not take him a second to remove the pot from the stove and pour out the soup in the sink and cool those bones, and then such a feast he had.

He ate until he became sleepy; then he lay down on the floor and went to sleep.

FAREWELL REVIVAL IS WELL ATTENDED

Interest Shown at Very Outset of Meetings Marking Departure of Captain Trench

TO CONTINUE ALL THIS WEEK

The farewell revival meeting that is being conducted by the Rev. Joseph Wainwright of Shelbyville, and Captain Trench of this city, drew a large crowd last night and everything points to a wonderful meeting this week, prior to Captain Trench's farewell from this city to go to East Chicago to open Salvation Army work at that place.

After the singing of "Rescue the Perishing," Captain Bullard of Indianapolis, led in prayer followed by Mrs. Envy Gipson, and others rising to their feet and pledging co-operation during the meetings.

The evangelist used for the basis of his remarks, Luke, eighth chapter, 39th verse, "Return to thine own house and show how great thing God has done unto thee." Mr. Wainwright preached a very impressive sermon. At the close one man testified to being healed and six others found their way to the Saviour of the World Capt. Trench said today.

Meetings will be conducted every day this week, except Saturday, at 2:30 and 8 p. m. All are invited to attend these meetings.

Tired Out?

Do you know that languidness, that "awful tired feeling," heaviness, lame or weak back, sore muscles, stiff or swollen joints, rheumatic pains, lumbago, in the great majority of cases, indicate kidney trouble?

Foley Kidney Pills

act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to a healthy condition.

Mrs. Robert Blair, 451 S. 24th Street, Terre Haute, Ind., writes: "I suffered two years with kidney and bladder trouble frequently getting backache. Sometimes I would arise feeling very tired and having headache, and one fine day before my eyes I saw a box of Foley Kidney Pills advertised and put up my mind to try them. After taking them a few weeks I found my trouble dispelled. The backache stopped and my kidneys were restored to healthy, normal action. I am free of those tired spells and backache and my vision is no longer blurred. My recovery is entirely due to Foley Kidney Pills, which I gladly recommend."

TO BUILD RUSSIA ON AMERICAN PLAN

Soviet Government Is Westernizing
Russia on American Trust Plans,
According to Dr. Guest

FRIGHTFUL CONDITIONS SEEN

Says Country Is in Pitiful Plight and
He Believes Soviet Government
Will Remain

(U. P. Staff Correspondent)
By CARL D. GROOT

Berlin, June 28. (By Mail)—"The Soviet government is westernizing Russia on American trust lines," declared Dr. L. Haden Guest of London, member of the British Labor Delegation to London upon his return from the Russian tour. "The men behind it have western ideas—mainly American ideas."

Guest concluded in these words an interview with the United Press on the Russian situation as he sees it, after a careful inspection in Petrograd, Moscow and down to the Caspian.

He painted the nation as underfed as loaded down by theft and grafting. Bolshevism hasn't been a success, if one analyzes his whole story together. Yet, it is just now succeeding in reconstructing its railroads to some extent, while factories are beginning to open as the oil from captured Baku goes up the Volga.

"This beginning of industry," he said, "isn't something that the soviet authorities told me about. It is what I saw with my own eyes. I made the trip southward, and stopped at several villages en route. In one place I was called in as a physician and in that capacity, I could get a view of soviet home life. I found there and elsewhere that some factories were smoking on the strength of the Baku oil. And, I saw some shipping going on—goods being brought out of Persia and Turkestan.

But Russia's situation on the whole is one of serious underfeeding according to the doctor.

"One simply cannot live on the rations issued by the government," he declared. "And, as a result, there is a trade between the peasants and the cities which is winked at by the authorities even though it is legally forbidden. In fact, everywhere there is bartering going on. In Moscow, I was offered \$50,000 rubles for my pair of old army shoes. But, the average workman doesn't have enough to eat. Suppose he gets 3,000 rubles a month without food. That would last you on I about two days with the strictest economy. The bread is inedible for anyone not accustomed to it. In fact, it causes intestinal troubles for six months or so, until one is 'acclimated.' Great care is being taken to nourish the children as much as possible, but the populace in general is badly undernourished. One sees it in the crowds along the streets, and that means that the degree is quite remarkable."

"Will the soviet system as such remain in Russia?" he was asked.

"I believe it will. That is to say, the system whereby there is communal voting, for after all what difference does it make whether wards are voting or communes. In the countries, the soviet system is quite adaptable to the peasants' present and former mode of life. In the cities, it is quite feasible for labor unions, trades and professions to vote."

But, he held that an alteration of sovietism is under way.

"Capitalism hasn't been completely abolished," he declared. "In fact, capital is being asked into the country to take forest concessions, the fishing concession and some others. The smaller steamers are still in private hands."

"What is going on in Russia is really the westernizing of the nation on American trust lines. It is much the same as though a few trust magnates in America controlled the na-

SYSTEM OF SINN FEINERS UNIQUE

Agents are Wide Awake in England
and Even in Canada Where Pro-
paganda is Spread

PAPER IS SMUGGLED IN

Instance is Noted of Business Man
in Montreal Who Received Jour-
nal After 2 Months Residence

Montreal, Que., Aug. 2.—That the reported burning of jails, raids and other acts of violence by the Sinn Feiners in Ireland and itself is only a minor part of the campaign for the freedom of the Emerald Isle and that the real work—the appeal to the world—is being directed from London and perhaps from within the very shadow of the Scotland Yard detective headquarters itself is the growing belief here.

The impression that the Sinn Feiners have selected London as their headquarters is caused by the fact that local business men and leading citizens recently have received through the English mails much Sinn Fein propaganda. One prominent business man of Montreal received a copy of Sinn Fein publication "Young Ireland" of the date of April 17. He had only taken up his residence at the address to which the paper was mailed two months ago and this gives a fair idea of how wide awake Sinn Fein agents are, both in Canada and in London. The paper had been carefully folded inside an innocent looking copy of the London News and was postmarked London, June 28, 6:30 p. m.

In addition to some matter in Gaelic which the recipient was unable to translate, the paper had a leading article headed "A Victory for Ireland." It evidently referred to the success of the Sinn Fein hunger-strike at Mount Joy and Wormwood Scrubbs prisons when the English were compelled to liberate the Irish prisoners when on the verge of death from starvation. It reads in part:

"The undaunted and indomitable spirit of the Irish Nation has triumphed over the most brutal, the most callous, the most debased tyranny that has degraded the name of civilization. Ireland's glorious victory was won by the entire Irish people. Lying at death's door, surrounded by the might of the Empire one hundred fearless men flung defiance at their torturers; one hundred mothers of these brave men encouraged their sons to persevere in their great struggle."

tion, but worked it through communes or Soviets from the political standpoint. Russia hasn't changed essentially. It still has despotism. It is likely that the soviet system will remain but it is a question whether its leaders will.

"The development in Russia is along the lines of the big trusts. A few men are made responsible for enormous systems. For instance, one man is in charge of rebuilding the railways, and he is doing it, though he must have locomotives and spare parts, if his work is to be fully accomplished."
